Re: *SEC v. Ripple Labs, Inc.*, et al., No. 20 Civ. 10832 (AT) (SN) (S.D.N.Y.)

Dear Judge Netburn:

The SEC respectfully informs the Court that it does not oppose Defendant Ripple Labs, Inc.'s ("Ripple") motion to seal certain portions of Ripple's objections and responses to the SEC's second and third sets of interrogatories. *See* Dkt. 353. The documents were submitted by the SEC for the Court's consideration in support of the SEC's letter opposing Ripple and Individual Defendant Christian Larsen's letter motion to compel further responses to interrogatories they propounded to the SEC. *See* Dkt. 344. Although the SEC contends these documents are judicial documents, the SEC does not oppose the sealing of the portions Ripple seeks to seal. In addition, the SEC intends to seek leave of Court to file by September 24, 2021 its own motion to seal with respect to these exhibits, pertaining to submissions to the SEC by third parties.

Respectfully submitted,

/s/ Pascale Guerrier
